Re: Mineral extraction application for Railrunner railway bed.

Dear Ms. Cobau:

On behalf of Rockology, Inc. I am submitting an application for Mineral Extraction for an aggregate mining operation located west of County Road 57, (Waldo Canyon Road) and south of Interstate 25 consisting of 50 acres of land. The mineral extraction for construction materials is requested to supply ballast for the Railrunner that will be constructed from the bottom of La Bajada Hill to Santa Fe. This mineral extraction activity will continue after the Railrunner project is completed. The application is submitted in conformance with Article XI, Section 1.9 of the Land Development Code. The contracts between the contractors, subcontractors and NMDOT are included in the report submitted with this application.

The following materials are submitted with this application:

- Check in the amount of \$895.00 for the development review fee which includes the fire review fee.
- 19 plan sets in a 24" x 36" format consisting of 17 sheets.
- 19 reports in an 8 ½ " x 11" format
- Completed Development Review application form
- Completed Fire application form

Two archaeological reports are delivered with this letter.

Four traffic reports are delivered with this letter.

Please schedule this request for the next available County Development Review Committee meeting.

Sincerely,

A handwritten signature in cursive script that reads "James W. Siebert".

James W. Siebert
